TRUSTEES' MEETING

**WATER BONDS UNSALABLE—
MUST BE PRESENTED TO
VOTERS AGAIN**

The board assembled at 8:20 p. m. September 16, Trustees Mrs. Bartlett, Henry, Robinson, Shaw and Stephenson being present. The minutes of the regular meeting of September 10 were read and approved. At this time oral communications were called for, citizens being given an opportunity to address the board.

O. A. Lane presented a petition which he stated was signed by over 1900 citizens protesting against the repeal of ordinance No. 100 prohibiting pool rooms. He addressed the board in reference to the subject, being followed by Rev. C. R. Norton, who stated that the local G. A. R. Post had adopted a resolution opposing pool rooms in Glendale. Mr. Francis Booth, Messrs. Kelly, Courtney, and others spoke on the other side of the question and Rev. W. E. Edmonds also opposed the repeal of the ordinance and presented the proposition for a municipal swimming pool; in regard to the latter proposition Judge F. H. Lowe also spoke in favor of it. After the matter had been discussed for an hour or more a motion was made by Trustee Stephenson that action in regard to the pool room ordinance be deferred for one week.

W. Hunefeld representing the Taxi Service in the city addressed the board in regard to a proposed ordinance regulating automobile passenger service, requesting that further action in regard to the ordinance be temporarily deferred.

A petition was presented signed by Fannie Stockbridge and twenty-six other property owners in the vicinity of the 400 block of East Lomita and Elk avenues, requesting that they be protected against the erection of certain small houses in that block which it is claimed by the petitioners are a detriment to the appearance of the neighborhood.

Demands were presented and re-
(Continued on Page 12)

Glendale High School

One more instructor has been employed for the High School this week in the person of Paul E. Webb, who will teach commercial branches and English. He was in the navy during the World War and has been with the Goodyear plant since then, so has had a fine business training. The High School instructors now number forty, with two or three yet to be secured. The enrollment has reached 826, as against 675 last year, but this will be largely increased, Prof. Moyle thinks, as in previous years enrollments have continued for several weeks.

New Realty Co. Location

The Clark Realty Company is now located at 205 North Brand in the new M. B. Jones building at Brand and Wilson avenue, third room from the corner. Mrs. W. D. Clark started in the real estate business a few months ago when living at 420 West Elk avenue, and continued it in the new home she bought at 430 West Milford. She and her husband are now giving their entire time to it. Both Mr. and Mrs. Clark say they owe a large number of their sales to classified ads in The Glendale Evening News.

WED IN OAK PARK

**JAY BRIEN CHAPMAN JOURNEYS
TO ILLINOIS CITY FOR
BRIDE**

Jay Brien Chapman has gone to Oak Park, Ill., a suburb of Chicago, to claim Miss Grace E. Yardley as his bride. They will be married on Saturday evening, September 18, at 8 o'clock, in Grace Episcopal church, of that city. A reception for relatives and friends of the young couple will be held at the home of the bride following the ceremony. She has lived in Oak Park and Chicago all her life and is quite popular in society circles. She has relatives in Los Angeles, Omaha and Denver, some of whom journeyed to Oak Park to be present at the wedding.

The groom is a son of H. H. Chapman and wife of 1143 East Wilson avenue. He is publicity manager for a large motion picture company of Hollywood.

After a short honeymoon trip he and his bride will come to Glendale and make their home with his parents until they can find a place to live in, or build one.

Tractor Show Editions of The Evening News

EVERY edition of the Glendale Evening News will be a special edition next week. Persons who are not regular subscribers should become subscribers before next Monday as that is the only way they will be sure to get a copy of the paper every day.

Every issue will contain important facts about Glendale and real live news about the National Tractor Show.

HAIL AND FAREWELL

**MEMBERS OF CHAPTER A. B., P.
E. O., SURPRISE MRS. E. H.
WILLISFORD**

A number of the members of Chapter B. A., of the P. E. O., some of them accompanied by their husbands, gave Mrs. E. H. Willisford a farewell surprise last evening. They met at the home of Mrs. Eva Cunningham, 114 North Orange, then proceeded in a body to the Willisford home, taking them completely by surprise. They were very cordially greeted, however, and all spent a most enjoyable evening. Refreshments of ice cream and cake were taken along by the party and served during the evening. Mrs. Jeannette McLennon, daughter of Mr. and Mrs. T. W. Preston gave an enjoyable reading with piano accompaniment. Mrs. Willisford and Miss Joy gave readings and there was music, both vocal and instrumental.

A history of Chapter B. A. was presented Mrs. Willisford, Oliver Clark making a very graceful presentation address.

Those present were Messrs. and Mesdames R. M. Brown, Claude E. Case, A. D. Cross, Freeman Kelley, A. T. Noble, Oliver Clark, T. W. Preston, W. N. Stamps and C. H. Toll; Mesdames Jeannette McLennon, Josephine Brant, A. S. Chase, Eva Cunningham, A. T. Wintersgill and M. L. Russell; Miss Leta McCoy and, of course, the Willisford family.

Commercial Street

At last evening's meeting of the Board of Trustees of the City of Glendale, the City Attorney was instructed to prepare an ordinance for the abandoning of the opening of Commercial street. This proposed street was to extend from a point on Broadway 900 feet east of San Fernando Road diagonally to a point on San Fernando Road near the old winery building. There has been a division of opinion as to the necessity of the new street, many claiming that if the money expended on opening and improving the proposed Commercial street were to be spent on improving the streets that are now opened to San Fernando Road, that section of the city would receive greater benefits. However, there has been a strong sentiment on the part of the business men of Glendale that our city would be greatly benefited by the opening of such a street.

Reception Committee

C. C. Cooper, chairman of the reception committee, whose duty it is to receive the visitors who come to attend the Tractor Show next week, has arranged a suitable space just inside the entrance to the First National Bank in which will be stationed a person whose duty it will be to give out information to all callers.

Mr. Cooper has on hand and is distributing 100 printed badges to be worn by members of the reception committee. He has ordered several thousand paper badges on which are printed the words: "I live in Glendale. Ask me." One of these should be worn by every resident of Glendale.

Go-to-College Reception

A farewell reception was given at the home of Rev. C. A. Cole and wife last night to members of the pastor's congregation who are going away to college this year. Those present as guests were Misses Edith Learned, Frances Musser, Martha Ray and Jewel Cole, Willard Learned, Loys Griswold, Allen Williams and Guy Mize. The house was decorated with college colors and pennants. After the beautiful dinner provided had been partaken of, games and music whiled away the remaining hours. The colleges the young people will attend are Occidental, U. S. C. and U. of C., Southern branch.

EXPLOSION BELIEVED WORK OF ANARCHISTS

BELIEVE SAME ORGANIZATION WHICH RECENTLY TERRORIZED MANY CITIES RESPONSIBLE

(Special Service to Glendale Evening News)

NEW YORK, Sept. 17.—Authorities were today dividing their efforts between seeking those responsible for yesterday's explosion and guarding against a repetition. Federal, municipal and private operatives had definitely decided that the explosion was the work of anarchists, and that it was the beginning of a carefully planned "reign of terror."

The death list had been increased to 33 during the night.

Wm. J. Burns today said the plot was a resumption of last year's "mail bomb plot" on a larger scale. Burns said the same organization which carried out the distribution of bombs through the mails was responsible for yesterday's catastrophe. The explosion was caused by 300 or 400 pounds of T. N. T., he said.

Wm. J. Flynn, chief of the federal secret service, conferred with operatives concerning plans for a federal round-up of Reds. Flynn announced that he had positive proof that the explosion was caused by a time bomb, and that the driver of the bomb wagon was seen four blocks from the scene after the time of the distster.

TELEPATHY EXPLAINS BOMB WARNING

**EDWARD P. FISCHER IS CENTER OF INVESTIGATION IN
BOMB OUTRAGE IN NEW YORK**

(Special Service to Glendale Evening News)

NEW YORK, Sept. 17.—Investigation of the bomb outrage today centered about Edward P. Fischer, arrested today at Hamilton, Ontario, who was a former employee of the French high commission here. Thomas Delehanty, caretaker of a tennis club, declared Fischer told him two weeks ago that Wall Street would be blown up on September 15. He made other revolutionary utterances, Delehanty declared.

Maurice Casenaze, member of the French high commission, said he had received a warning from Fischer, while George Ketchledge, a broker and good friend of Fischer, also received a postal warning him to get out of Wall Street on the afternoon of the fifteenth.

HAMILTON, Ontario, Sept. 17.—Mental telepathy was offered as the explanation of Edward P. Fischer's warning of the Wall Street explosion by Robert A. Pope, Fischer's brother-in-law, who caused his arrest here today. Pope declared Fischer was not in New York yesterday when the explosion occurred.

Pope had Fischer arrested on a charge of insanity after his arrival here this morning from Niagara Falls, New York. Pope, in a statement to authorities, said Fischer's mental condition was not normal, and for three weeks, during which Fischer sent out warnings of the Wall Street disaster, his mind was in a peculiar receptive condition. With his mind thus sensitized, Pope said Fischer was especially receptive to mental suggestion from others. His mentality intercepted the thought-waves of those connected with the explosion, according to Pope's theory. The Hamilton lunacy commission today examined Fischer here.

NEW YORK, Sept. 17.—"Business as usual," was Wall Street's slogan today. The nation's money market resumed operations at the usual hour today, although the financial district was under heavy guard, following the bomb outrage.

CHANGES IN THE CONTROL OF INDUSTRIES

**IF CONFERENCE IS UNABLE TO REACH AN AGREEMENT
THE GOVERNMENT MAY ACT**

(Special Service to Glendale Evening News)

ROME, Sept. 17.—Revolutionary changes in the control of industries are expected to result from factory seizures by workmen, following the appointment of a commission to prepare a bill for the control of industries.

Premier Giolitti announced the appointment of the commission today following a conference with labor leaders and manufacturers. Giolitti told the conference that if they were unable to reach an agreement the government would step in. Further conferences are being held in Milan today.

COX PRAISES HIRAM JOHNSON

(Special Service to Glendale Evening News)

SACRAMENTO, Sept. 17.—Speaking in the home city of Hiram Johnson, Gov. James M. Cox today predicted that "if the senatorial oligarchy gains control of the government in this campaign it will so manipulate the power of patronage that progressive Republicans will soon be forced to join another party or form one of their own."

Cox asserted that the progressives must surrender to official representatives of big business if they are to stay in the Republican party.

The Democratic candidate declared that on many questions other than international, he and Senator Johnson had a "common view." He praised Hiram Johnson for his fight against reactionaries in this state.

15,000 Copies of the Glendale Evening News

ADVERTISERS are availing themselves of the opportunity of conveying their message to the thousands of readers of the Evening News next week. Glendale's prosperity and progress will be reflected through the columns of the local daily. For particulars communicate with Glendale 132, or call at 139 South Brand Boulevard.

HOUSING VISITORS

MRS. BALTHIS BUSY LISTING ACCOMMODATIONS FOR TRACTOR SHOW GUESTS

When announcement was first made that the National Tractor Show would be held in Verdugo Woodlands, Glendale, the question of housing the people who would visit this show with the intention of getting such accommodations in Glendale was considered. It was the unanimous opinion of those interested that the Tuesday Afternoon Club would handle this problem very satisfactorily. Therefore the matter of furnishing accommodations to visitors at the great show was turned over to the club and the problem has been worked out by a committee of which Mrs. C. E. Hutchinson, president of the club, is chairman.

The Ways and Means Committee, of which Herman Nelson is chairman, voted that the ladies be given \$100 for the expense of making a list of those who would accept lodgers in their homes during the week of the show. Mrs. Douglas Balthis was
(Continued on Page 12)

Locates in Glendale

Among the business men who have recently chosen Glendale as a desirable location is Dan Tracy, who came here a few months ago from Colorado Springs, Colo., where he had been in the grocery business for more than ten years, and bought a home at 610 South Verdugo Road. He is a son-in-law of John Madden and wife, who came here from the same city a short time before and bought a residence at 321 East Maple avenue, which they have since sold, buying then at 419 East Harvard street. Mr. Tracy was not content to be idle in the new home city, so bought the Delco grocery at 714 East Broadway and is now conducting it as Dan Tracy's Groceries. He is advertising it regularly in The Evening News in connection with E. Hunt's meat market, which occupies a part of the room. Mr. Tracy reports a gratifying increase in his business since he took hold.

Home Environment

There were many of the citizens of Glendale present at the meeting of the Board of Trustees at the City Hall last evening, to participate in the discussion of the pool room question which has been before the Board of Trustees in the form of considering repealing an ordinance which restricts the operating of public pool rooms in the city of Glendale.

It is indeed to be regretted that the same amount of time and an equal degree of enthusiasm as was used last evening, could not be all turned toward providing a suitable place of amusement for the young men of the city. As usual there was a great amount of talk on both sides, but a lack of decisive action. All persons who participated in the discussion mean well, and their little differences of opinion should be forgotten, and the whole question for consideration should be: What shall we do for the welfare of the boys?

In many instances, it would be an excellent plan if parents would stay at home and provide some wholesome plan of entertainment for their children, rather than attending public welfare meetings, making it their business to look after other parents' children.

The real fault of the present age is the lack of proper home environment for children. If all parents will see that their own children are given wholesome entertainment, and then take it upon them as a duty to assist in providing entertainment for children who have no parents or guardians, an ideal condition would exist among the young people of our land.

As to the action of the Board of Trustees on the repealing of this ordinance, it has been deferred until next week.

DECORATING STREETS

GREATER GLENDALE DEVELOPMENT ASSOCIATION PROVIDES FUND

Members of the Greater Glendale Development Association have collected a fund for the purpose of providing street decorations during the Tractor Show. The money will be turned over to Dr. C. Stuart Steelman, chairman of the decorating committee, and members of the committee and they will get to work at once to dress up the city for the reception of our guests.

Dr. Steelman has formulated a scheme of decoration. It was originally planned to color the street lights but in case of rain it was thought the color would run and give the streets a bedraggled appearance and it was decided to use flags instead. Flags 20x30 in size will be placed on the lighting standards at street intersections. On Brand Boulevard from San Fernando Road to California avenue and on Broadway from Central to Glendale avenue smaller flags will be attached to the light standards. It is expected that many of the merchants will decorate their windows and stores for this event.

READING CIRCLE

**WELCOMES FORMER LEADER
WHO GIVES UP WORK FOR
NEW DUTIES**

The first meeting of the Mutual Benefit Reading Circle was held on Wednesday in the library, ninety-five ladies being present.

Mrs. Toll was heartily welcomed as leader after having been absent since the first of May.

The entire course of twenty-six books having been completed last June, a new list was begun and the one chosen for the reading was "The Right of the Child to Be Well Born," by George E. Dawson, Ph. D.

Mrs. Toll gave a brief sketch of her visit in Washington, with Miss Lombard of the Bureau of Education, who is in direct charge of reading circle work. She also spoke of the great need of a national department of education, which is calling forth much discussion all over the United States. At present the various divisions of the Educational Bureau are scattered among the buildings of the different departments.

The circle has been an ardent supporter of the Smith-Towner bill, which was before the last Congress providing for a Department of Education of equal rank with other departments, and having a secretary as a member of the Cabinet.

Brief greetings were extended to the circle by the library hostess, Mrs. Danford, Mrs. J. R. White, Federation president and Mrs. Hartley Shaw, who is leader of the reading circle in the southern section of Glendale.

Hearty applause greeted the announcement that Mrs. Toll had been requested to serve with Miss Elizabeth Harrison on one of the educational committees of the National Congress of Mothers and P. T. A.

At the close of the meeting, after expressing her great enjoyment of her work with the circle during its course of study, Mrs. Toll reluctantly gave up its leadership on account of the many duties she has assumed as president of the Los Angeles Ebell Club.

The work will be continued under the direction of a council, consisting of the officers and chairmen of the various committees, who had charge of the work during May and June.

For over four years Mrs. Toll's home has been open every Wednesday during school terms, to the circle and the wonderful inspiration she has given to those attending the systematic training in conducting the affairs of the circle and the loving thoughtfulness of the individual members has endeared her to every one with whom she has worked. The circle parts with her reluctantly, but knows that Mrs. Toll's spirit of doing "worth while" things will ever be with them and will lead them on.

Will Build Home

William Kaiser, who is here with his wife and two daughters, Bernice and Vanoak, is planning to build soon on the property purchased on East Harvard. Vanoak is living temporarily with Mrs. Max Green to continue her High School studies. Both young girls are accomplished musicians.

LAWSHE FUNERAL

IMPRESSIVE SERVICE IN GLENDALE; BODY INTERRED IN HOLLYWOOD CEMETERY

The funeral of A. L. Lawshe of Arcadia, but formerly of Glendale, held in Central Christian church yesterday afternoon at 2:30 o'clock was attended by a number of members of the church, friends living in Indiana, Dr. H. C. Garrison, head of the Boys' School at Claremont, and others, in addition to the entire family of the deceased. Dr. Edgar Fay Daugherty, pastor of First Christian church, Los Angeles, was present also and assisted Rev. C. A. Cole in the simple funeral service. The body was taken to the Hollywood cemetery for interment. Among the former associates of the deceased present was one of whom the following statement was handed to The Evening News:

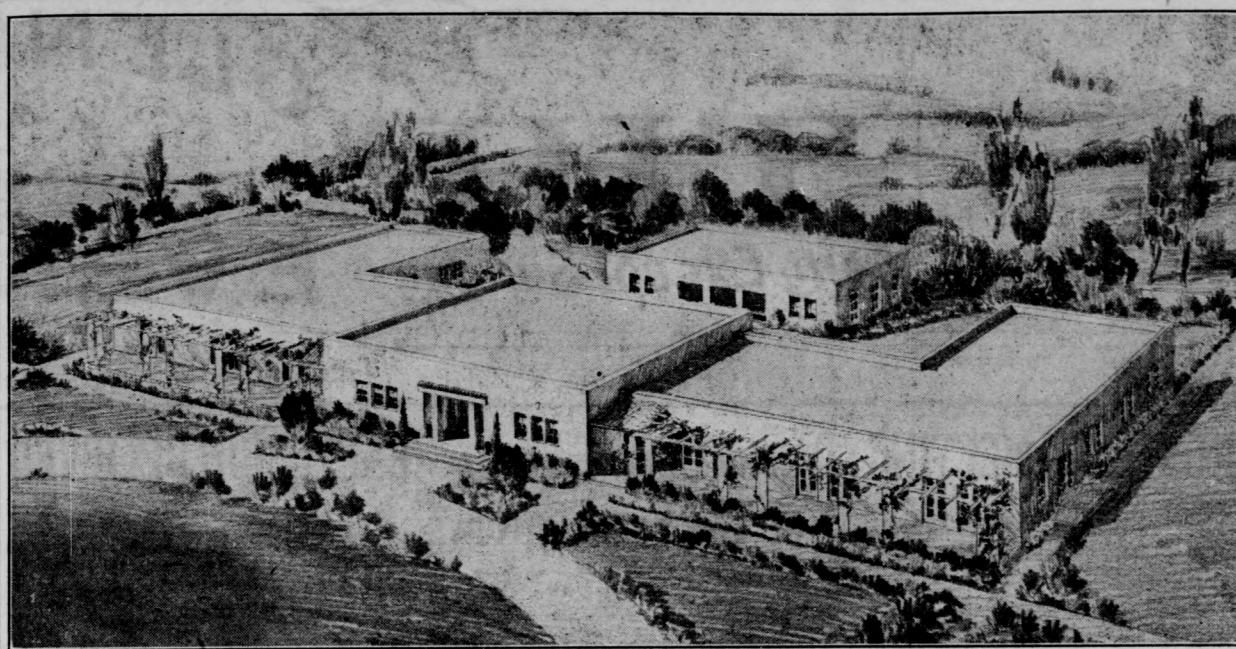

Among the old-time friends who assembled at the Christian church yesterday to pay a tribute of respect to the memory of the late A. L. Lawshe, was Robert S. Person, who was a contemporary of Mr. Lawshe in the federal service during the administrations of Presidents McKinley and Roosevelt. Both Mr. Lawshe and Mr. Person received their original appointments as deputy auditors from McKinley, Lawshe going to the Postoffice Department and Person to the Treasury Department. Later both were promoted to heads of accounting bureaus and each served the public over a period of fifteen years, after which both came to California. Mr. Person was engaged in orchard development in the Northern part of the state until about a year ago when he became interested in Glendale realty and is now trying to do his bit toward solving the acute housing conditions in this congested community. He pays a high tribute to Mr. Lawshe as a fearless, vigorous and very efficient public officer.

A plumber and a painter were working in the same house. The painter arrived late, and the plumber said to him, "You are late this morning." "Yes," said the painter, "I had to stop and have my hair cut." "You did not do it on your employer's time, did you?" said the plumber. "Sure, I did," said the painter; "it grew on his time."—Everybody's Magazine.

"Work is the cure for unrest," a wiseacre says. But who wants to be cured that way?

Perhaps Governor Cox got his information in regard to the Republican "slush fund" from the ouija board.

Vegetarians are men who smoke the cigars of today.

"I OWN STOCK IN THE Glendale Research Hospital"

Can You Say It?

We have told Glendale people many times about the advantages of becoming stockholders in the Glendale Research Hospital; we have explained why such an institution is badly needed in Glendale and why it should be a paying proposition. It isn't necessary to go over this again as we believe the people of Glendale understand it all very thoroughly.

Work on the hospital is in progress; 140 Glendale men and women, many of whom are known to have splendid business judgment and foresight are stockholders in this institution and fifteen physicians of this and surrounding communities are back of it. We believe these facts are all that is necessary to assure thinking people that by January 1, 1921 the Glendale Research Hospital will be an accomplished fact.

All that remains now is to close the sale of stock. We are on the home stretch. We only wish to say to those who have expressed a desire to own some of this stock that this is the appointed time. SIGN UP NOW.

One woman phoned our business office the other day: "I know now that you mean business and I want to buy \$1000 worth of stock in the hospital." If you need any further evidence that we mean business or that this hospital is going to be a paying proposition phone Glendale 408 for further particulars.

Science says that men are animals, and some men proceed to prove it by making monkeys of themselves.

The ideal way of washing delicate things is the way the Eden washes everything.

Wouldn't it be ideal

to put in the clothes, start the machine and go on about something else—certain that when you came back everything would be clean as new and more gently laundered than by hand?

The Eden

is a mechanical laundress. Many thousands of American housekeepers have found the Eden more economical than the old washboard method. They have discovered that it makes their clothes wear longer because it doesn't rub or scrub. It dips everything up and down through hot suds very gently.

Try an Eden in your home free

The trial does not obligate you to buy one. There's no delivery charge—no expense at all. See how carefully and economically the Eden will do your own washing—how safe and simple and sanitary it is. Then, if you want to, you can buy an Eden in the same easy time-payment way that Liberty Bonds were bought. Phone for free demonstration today.

TO TRACTOR SHOW

INFORMATION FOR THOSE NOT FAMILIAR WITH LOCATION OF VERDUGO WOODLANDS

Notwithstanding many columns of space have been given to describing the greatness of the National Tractor Show which will be held in Glendale next week, opening Monday and continuing until Saturday night, there are many inquiries made as to the exact location of Verdugo Woodlands, and what road leads to it from the main streets of Glendale. It is not at all strange that these inquiries should be made for the reason that Glendale's population includes many newcomers—people who have never visited this beautiful park.

Persons wishing to go by the electric cars may board the Glendale-Montrose car on Broadway at any of the regular stops between Brand Boulevard and the Verdugo Woodlands. It has been officially announced that the Pacific Electric cars will also run out to the Verdugo Woodlands the week of the show. If this is the case, the cars will be properly placarded so all wishing to go by way of these cars may board them at any of the regular stops between the Pacific Electric station in Los Angeles and the Verdugo Woodlands in Glendale.

Verdugo Woodlands is located on the west side of the Verdugo Road on a wide boulevard known as Canada Boulevard. Persons going by auto should drive north on either Glendale avenue or Verdugo Road to the point where these two roads join, and continue on Verdugo Road to Canada Boulevard, which is the location of Verdugo Woodlands.

Stafford Harlow, of the Southern California Automobile Club, has had signs posted indicating the course of roads to the Tractor Show.

War Mothers Organize

BISMARCK, N. D., Sept. 17. (United Press.)—The first chapter of Indian War Mothers has been organized at Standing Rock as a part of the American War Mothers. This was the result of a plan formulated by Mrs. Alice French, national war mother, on her recent visit to Bismarck and carried out by the women of the Bismarck chapter of the organization.

One hundred and eighteen young Indian braves enlisted in the United States army at the outbreak of the war from the Standing Rock and Fort Yale districts. They went overseas and several distinguished themselves for bravery in the Argonne fighting.

Standing Rock is Sitting Bull's old agency. It was from here that he led his warriors to the Custer massacre on the Little Big Horn in 1876. Here he made his home after his return from his long exile in Canada and here he was killed by Indian police during the ghost dancing excitement of 1889-90 which reached its climax at the battle of Wounded Knee.

Within the memory of the Indian mothers now united by the war with the white mothers of the nation, the Sioux were deadly enemies of the whites and visited with fire and death the lonely settlements on the prairies where now the homes of immigrants present a picture of peace and prosperity. With the war path forgotten, the Standing Rock Indians are learning the customs of civilization and have acquired considerable farm wealth. Many of the later generation are well educated and a number of the young men and women are college graduates.

Boy Didn't Come Back

"He had been ailing since his son was killed in action in France."

The foregoing words, forming part of the obituary of a father who passed away the other day, serve as a reminder that, although the war ended nearly two years ago, parents and other near kin have not ceased to sorrow for the boy who died far from home and those he loved. It is one of the cruel penalties of warfare that the bullet which ends the life of a soldier also inflicts lasting wounds in hearts back home. These wounded may not show their suffering in their faces or in conversation, but grief abides with them, and, like the father who just passed away, they go sadly all their days.

Presumably this father had been looking forward to the day when the mortal part of the beloved son would be brought back for burial in the home land; but the prolonged sorrow and suspense proved too severe for his strength and he, too, fell a victim of the war and gave up his life for his country.

There are many thousands of other mourning parents who have been watching for the messenger with tidings that the one mourned is at last homeward bound, and for their sake it is hoped that the work of returning the soldier dead to the home land will be expedited with all possible speed. That is the only consolation remaining for those who sorrow.

Instructor in Public Speaking: "What is the matter with you, Mr. Jones; can't you speak any louder? Be more enthusiastic. Open your mouth and throw yourself into it."

THERE IS A FEELING OF

Pleasurable Anticipation

WHEN

Sierra Club Beverages

are being served. The delicate, delicious flavor of these beverages and their sparkling purity make a very definite appeal to the palate.

Many People Who Acknowledge

Sierra Club Ginger Ale

as their favorite drink do not know the contents of a bottle of this beverage. They think it a concoction of many different ingredients.

There is nothing harmful in Sierra Club Ginger Ale.

—its stimulating effect is caused by the pure, cold, sparkling aerated water, 8 ounces of which forms a base for a bottle of this beverage.

—the 1½ ounces of the purest cane sugar used in a bottle of this drink furnish the element of nourishment so often lacking in soft drinks.

—the finest quality of Jamaica ginger, the orange, lemon and lime juices blended in just the right proportions give Sierra Club Ginger Ale the flavor that distinguishes it from all other drinks.

Why Eyes Follow

Everybody has noticed that the eyes in some portraits follow one wherever he goes in the room. It is a bit uncanny to move about an apartment and have the eyes of a picture always upon one. Some superstitious persons are afraid to go into a picture gallery where portraits of their ancestors are to be found. The effect is simply an optical illusion and is secured by having the eyes in the portrait looking directly toward the front. Under such circumstances the pupil is necessarily in the middle, with an equal amount of "white" on each side. This relation does not vary at all with the position of the observer. No matter where you stand the pupil will be in the middle of the eye and the eye will seem to be looking at you.

The time may yet come when marking up the price of merchandise will not make it sell more readily.

There are said to be eleven million children in the rural schools of the United States, but they are getting into town as fast as they can.

Reports that Governor Cox will deny William J. Bryan has made a contribution to his campaign fund are probably untrue.

Strikes in United States

It may seem a bit strange that any person would seriously advocate the continuance of the strike as a method of bringing about a settlement between employers and employees, but labor still has some members who refuse to profit by the experience of the past.

Statistics have been produced to show that there were 3374 strikes in the United States during 1919, and the fact that these figures are so definite does not mean that all of the labor troubles during the year are included in this record.

In spite of the high wages and the fact that practically every large manufacturing industry has been supplied with orders for long runs, some of the most trivial excuses have been registered as causes for calling a halt in operations.

The strike against the United States Steel Corporation in the mid-summer and the strike of bituminous miners in the late fall are the ones affecting the largest number of persons, but the hundreds of minor troubles form in the aggregate a serious indictment of the strike method.

It would be impossible to gather the figures which represent the losses direct and indirect, which resulted from those strikes. The workers, as usual, were the greatest losers in wages, but employers and the public were heavy sufferers by the suspension of work.

There might be some justification of the strike if workers could be made the beneficiaries in any way, but the record does not show that anything has been gained which would not have been possible by adoption of the policy of mediation when disputes arise. There is much to be learned from these figures that will be beneficial to both capital and labor.

Known As "Pricers"

LONDON. (By Mail.)—Americans in London, who used to enjoy a reputation for always putting their hands "into their pockets" are now accused of "keeping their hands on their pockets."

This endears them, rather than otherwise, to the hearts of the hard-up Londoners, who for years have held that "a fellow feeling makes us wondrous kind."

But the storekeepers have other views. A salesman in the Burlington Arcade, deploring the absence of that fat roll of notes he had always associated with American purchasers, said:

"Americans have no money this season. They hardly do anything but ask the price of things. It is the Continentals who have the money. We have sold more to French and Spanish visitors in the last month than to Americans in the whole season. The Continentals are full of money." Therefore the Continentals reap the salesman's smiles.

Now that the Englishman knows the American as a "pricer," it adds to the bond of friendship, for "pricing the goods" is about as far as the average Englishman's purchases ever get.

School All Year

Will C. Wood, Superintendent of Public Instruction for the State of California, recently recommended that the Grammar schools have no summer vacation in the future, but that pupils be kept constantly at their studies except during the usual short vacations at Thanksgiving, Christmas and the like. He advised that parents and teachers consider the plan and let him know their sentiments. If the matter was left to the pupils of Glendale there is little doubt that the proposition would be almost unanimously disapproved and it is likely that the conditions would be the same all over the state.

"Out after hours again, hey?" said the father. "Only ten minutes late," replied his son. "Well, go at once to your room, sir, lock yourself in, and bring me the key. This thoughtlessness must be checked."—Farm and Home.

Police Need No Cards

BIRMINGHAM, Ala., Sept. 16.—(United Press.)—Gamblers of Birmingham are liable to be subjected to nocturnal calls from the police without the formality of the officers being compelled to present their cards at the door, under the provisions of an ordinance just enacted by the city commission. Police are empowered by the ordinance to "break down" doors of houses in which gamblers are suspected to be holding forth, and it will not be necessary for the cops to carry with them a search warrant.

"Grandpa," said Ethel. "I need your advice. I have only \$5 to spend on Cousin Blanche's wedding-present, and I want to give something that looks twice as much as it is. What would you suggest?"
"Well," he replied, "in consideration of the high cost of living, I should buy \$5 worth of rice and boil it."—Harper's Magazine.

SOFT DRINKS

CHEMIST SAYS CARBONATED BEVERAGES FURNISH STIMULANT AND FOOD

Students of dietetics are agreed that soft drinks have become a permanent part of American life, according to Dr. Frederick W. Murphy of Detroit, one of the prominent chemists of the country, said Mr. Brown of the Henry-Brown Company, manufacturers of Sierra Club Beverages. Dr. Murphy, in an address before the Highland Park Association of Carbonated Beverage Manufacturers, asserted the public little realizes the energy it assimilates daily from carbonated beverages and said if soft drinks were taken off the market, within a short time a great hue and cry would go up.

"Pure cane sugar," he said, "which has more calories or energy and consequently is a greater stimulus to the human body, than wheat, corn, rye, eggs, potatoes, pork chops or beef steak, is the fundamental basis of soft drinks. It is the food properties in the soft drink, derived from the sugar, which has caused it to take a secure hold on American daily life.

"Non-alcoholic beverages sweetened with sugar are not only pleasant, flavored thirst reliefs, but also, they furnish natural stimulant and food," the chemist asserted. "It is a proven fact that after sugar is consumed there is an almost instant increase in energy. It is the sugar in the soft drink which has caused it to take a hold on the American public.

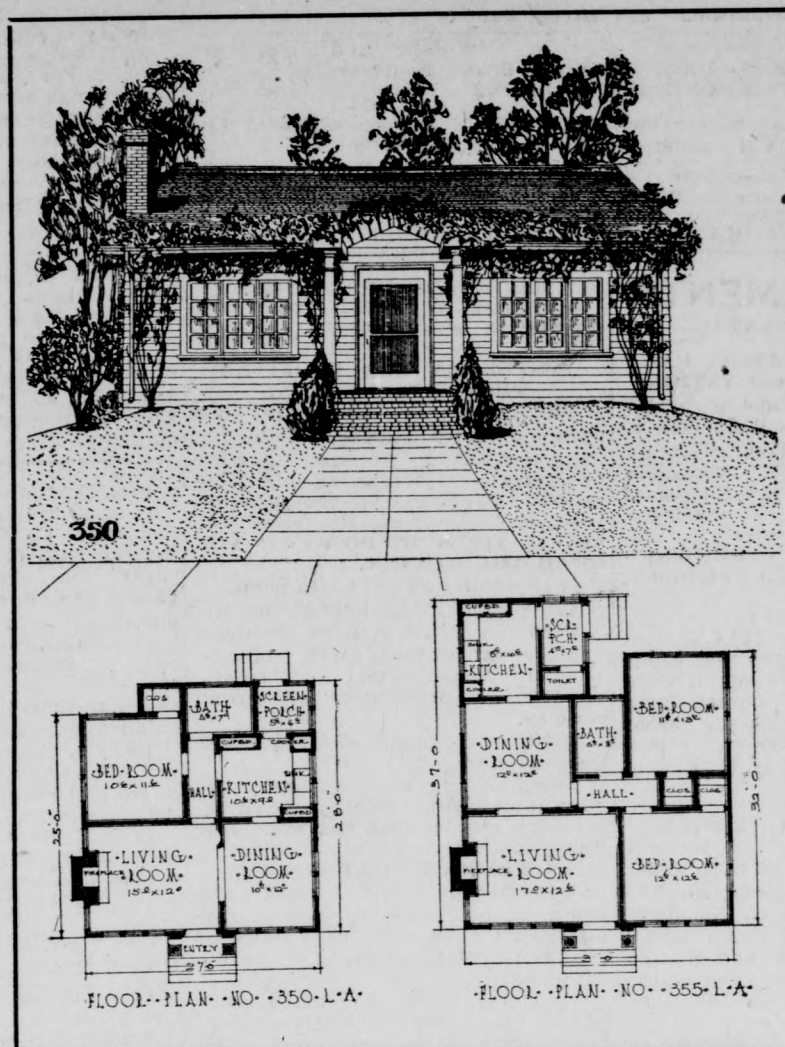

"During the recent sugar shortage a few uninformed persons loudly advocated cutting off the supply of sugar to the beverage manufacturers. To my notion it is particularly fortunate, especially for the politicians who advocated this move, that no such action was taken, for there is no question that within a short time they would have been unable to stand under the avalanche of public disapproval. Had that course been followed it would have awakened the people of this country to the fact that they consume soft drinks primarily for the food value."

Wife: "Do come over to Mrs. Barker's with me, John. She'll make you feel just as if you were at home."

Her Husband: "Then what's the use of going?"

The average man loves to cater to his appetite too much to start a hunger strike.

It is a woman's choice now if she continues to let her husband do her political thinking.

MODERN IMPROVEMENTS AFFECT FARM LIFE

Of all the dwelling houses in California, 79 per cent are wired for electricity. Many homes are too remote to obtain electric service, but more than 94 per cent of those accessible to service lines have availed themselves of electricity. Cooking, heating, washing, ironing, home appliances and farm machinery are operated by electricity. The electrical trade considers California to be the most responsive market to new electric devices. There is a spirit to improve, a spirit of progress.

"We have often wondered why women seem to like California," says a bulletin of the Society for Electrical Development. "We

sometimes have marveled at the so-called native son atmosphere of the state and the commonly asserted claim of Californians that if it comes from California it is the best. Women folks, as a rule, enjoy any place where household tasks are lightened. If more of our farms were electrified and made more comfortable, requiring less physical effort in their operation, perhaps more of our young men and women would remain in the rural sections to furnish us with news of the wedding of Farmer George Brown and Farmeress Maybelle Smith. These announcements, by the way, are all too scarce for the good of the nation."

A bulletin designed to promote the interest of a certain line of goods may hit upon a very salient truth. So it appears in the above. The sermon preached is to make farm life more comfortable, less severe, less insistent upon the very maximum of human endurance. Not only are modern labor-saving methods and devices required if farm production is to keep up with demands and the farmer is to keep productive costs at a minimum, but life must be made more attractive, more "endurable" for the people, men and women, who live on the farms.

Much progress has been marked during the last five or six years in this respect. There have been constructed comfortable sleeping quarters, and real beds and bathing facilities for the farm workers have been installed where formerly the itinerant farm laborer had to sleep on the ground and provide his own blanket. If the farm owners and operators are wise they will continue to eliminate the unnecessary hardships of their business, because to do so holds an economic return in the form of more reliable, more plentiful and more efficient labor in the drastic harvesting season.—Oakland Tribune.

The new fall prices seem to show evidence of having been revised upwards.

Personals

R. D. Myers and family have moved from 207 Hawthorne to Mohave City, Ariz.

Mrs. Louise Walton Stafford of 377 Milford is spending a few days in Claremont with friends.

J. M. Spears and family are moving from 1146 East Lexington Drive to 124 North Belmont.

C. D. Mendenhall and family have moved from 1510 South Brand to 105 East Palmer avenue.

R. A. Richards is again a regular reader of The Evening News, now that he is settled in the new home at 1526 East Colorado.

Mrs. Katherine Sooy is moving from 205 Hawthorne to the rear house at 123 East Elk, which she has just had remodeled.

Mrs. B. Hussey of Berkeley, is the house guest of Mrs. Lou Kirri of 230 South Louise street. She expects to return north in a few days.

Ralph Brown took out a permit yesterday for a four-room residence and a garage on Riverdale Drive, corner Pacific avenue, to cost \$3000.

Mrs. Lucy A. Wagon has moved from the house at 425 North Kenwood that she sold to J. A. May. Her new place of abode is 529 North Jackson.

Wilbur Lee and wife have returned from their honeymoon trip and moved yesterday into their new home at 213 North Isabel, where they will be glad to greet all their friends.

Mrs. Jessie B. Mock of 228 South Louise street, leaves today for Pomona, where she will spend several days visiting her father, J. S. Adams, who owns a large ranch on the outskirts of Pomona.

Morris Jackson, who filled in as traffic officer during W. E. Trautwein's vacation, has gone back to his trade of auto mechanic in which he is very proficient, and is now with the Dodge Service Station.

Mrs. F. F. Freeman and two daughters of Oklahoma City, and Mrs. S. M. Morris, of Lusk, Texas, were guests yesterday of Mrs. George Prickett of 401 West Harvard. The three ladies were girlhood friends in the East.

Mr. and Mrs. Paul A. Hoffman of 327 North Maryland, have returned from San Diego where they have been attending the sessions of the California Synod and Woman's Missionary Society of the United Lutheran Church in America.

Robert T. McClung who was for several years city editor of a daily paper in Roswell, N. M., was a caller on The Evening News today. He is now employed in Los Angeles, but greatly admires Glendale on this, his first visit.

Frank Lewis, a Chinese-American doctor living in Pasadena, was driving west on Broadway this morning when his machine collided with one driven by J. L. Martin, who was southbound on Central avenue and both cars were considerably damaged.

W. H. Verity of 511 West Broadway says Glendale Evening News classified ads certainly have "pulling power." He ordered one in yesterday for two days, but had it discontinued because the first appearance effected a sale and he has since been kept busy answering the phone.

A machine driven by Elmer Patterson of 118 South Everett was backed into by a city car in which were Messrs. Eddy and Chase, in Sycamore Canyon yesterday. His right fender was smashed, windshield broken and supports of same bent. The city car had a rear wheel broken.

Major Henry W. Edmonds, of 423 Pioneer Drive, has accepted a commission in the regular army and will leave shortly to join the 32nd Infantry at Camp Kearny, which will soon leave for the Presidio at San Francisco. Mrs. Edmonds will move to San Francisco as soon as their property here is disposed of.

Police reports show an average of one auto accident a day in Glendale and many of them are caused by failure of drivers to give the signal when preparing to change direction. More care in this respect and in approaching congested street crossings and intersections would work a reform.

Malcolm McLaren of 303 North Jackson, returned home this morning from San Francisco where he went to take Fred Mayne, the bunko artist to San Quentin penitentiary. The Los Angeles authorities were afraid to hold him any longer in the county jail because of the fear that he would escape. One attempt he made was nearly successful.

New residences in which lights have just been installed, preparatory to occupancy, are those of C. H. Mullbrook, 415 Salem; D. E. Edwards, 521 East Acacia avenue; G. A. Stanford, 509 Patterson avenue; M. Mortenson, 914 South Glendale avenue; C. G. Martin, 353 West California; E. W. Rich, 210 West Laurel; W. F. Wiley, 210 Burchett.

Mrs. J. M. K. Avery of 720 East Maple has been very ill for some time and her death was expected at most any hour last night, but she was still alive at noon, Mrs. L. A. Hart, a neighbor, informed The Evening News. She is seventy-six years of age and lives with an adopted son. Her sister, Mrs. Mary Rogers is here from the East now to take care of her.

Nurl Fish, who was quite seriously injured two weeks ago by his horse falling on him while he was at work on the Rankin ranch near Bakersfield, is making a rapid recovery, his mother, Mrs. Oma Fish, reports. During her visit to him an X-ray was taken of the injury and it was found that in addition to a dislocated right shoulder, his right arm was broken close to the shoulder socket.

Dale Wood of 1419 East Wilson avenue, and Horace McRae of 634 North Kenwood, together with Thomas McNary of Eagle Rock, will leave tomorrow for a two-days' conference at the Y. M. C. A. Red Triangle cabin in San Gabriel Canyon, where they will join with students from other high schools in planning the Y. M. C. A. district work for the coming school year.

Rev. W. E. Edmonds returned home yesterday from his vacation of three weeks, which he spent in Long Beach and Redondo. He intended to stay until Saturday night, but he was called home for weddings and to attend the trustees' meeting also, so concluded to not go back. Different members of his family joined him at times during his stay at the beaches.

There were twenty-five cases for violation of the traffic ordinance set for hearing in Judge Lowe's court this morning, but several came in beforehand and paid their fines, while the remainder took their medicine in the court room. Numbers still take a chance in speeding, turning between crossings and the like, but most of them come to grief some time.

Lewis Sipple, who sold his residence on an acre of ground at 1241 East Harvard a few weeks ago for \$9000, has bought of his brother, K. Sipple, the property at 114 North Adams and moved into the front house, the rear one being already rented. Mr. Sipple is building a fine home at 230 North Louise, which he expects to occupy as soon as it is completed.

While many big truck loads of tractors and farm implements have been taken to the show grounds in Verdugo Woodlands, nearly all of them have gone in over Verdugo Road from Los Angeles. But this morning some were seen proceeding up Brand. The Salt Lake Railway is preparing its sidings for sixty carloads of exhibits which are to arrive here Sunday from distant cities.

Mrs. J. H. Hearne, who has been the house guest of Mrs. Lou Kirri of 230 South Louise street, for several days, left Thursday night for San Francisco where she will take passage for Honolulu on Monday. Her husband, a naval officer, is to be stationed at the sub-base in Honolulu for the next three years, and she leaves to join him. While in Glendale Mrs. Hearne was widely entertained.

C. W. Hansen of 340 Vine street, returned home a few days ago from a visit to Iowa. Accompanying him on his return were John Jensen, who had been in the shoe business in Armstrong, Iowa, and T. P. Petersen, who owns a hardware store in Ringsted, the same state. The latter will return to the home city after a visit here, but Mr. Jensen has bought a home at 424 Hawthorne and is here to stay.

Miss Mary Ramsey of Marshall, Ill., and Miss Mary Cotter, who was reared in the same city, but who has been living in St. Louis recently, were in Glendale yesterday looking at property with a view on the part of Miss Cotter of buying a home for herself, her brother-in-law and sister, Mr. and Mrs. Ed Curran. She prefers acreage and looked at some desirable properties. Both the ladies had heard much of Glendale before coming West and their desire is to locate in this favored section.

Max Green was successful in securing space for an Oakland Sedan at the Owensmouth Fair. Either he or his agent are in constant attendance and report a splendid exhibit of over 3000 cars.

Charles A. Shattuck of the Packer & White Auto Co., has gone for a visit to his former home, Plymouth, Mich., which he has not visited for seven years. He will spend a few days with his brother in Colorado, also.

Elmer Coutts, who came here from Missouri was wedded last night to Miss Lillian Staut, granddaughter of Andrew Baker of 1105 South Brand Boulevard, at the home of Rev. O. P. Rider, who performed the ceremony. Mr. Coutts will work for the Good-year Rubber Company and the young couple will live near the plant.

Mrs. Fred L. Flack who had a serious setback after her apparent recovery from an operation for appendicitis, is now mending slowly, at the home of her parents, Mr. and Mrs. Malcolm McLaren. Yesterday was the first anniversary of her marriage and her husband presented her with a lovely set of pearls.

Mr. and Mrs. F. M. Shumate of 332 North Orange, who left Glendale several weeks ago for a trip to visit relatives in Illinois, Kentucky, Virginia and Tennessee, are now in East Radford, Va., where they are greatly enjoying the meeting with relatives after a long separation. Mrs. Shumate, who was seriously ill for a time while they were in Illinois, has fully recovered her health. They expect to be gone several weeks yet.

Lyman B. Ashton of 614 South Central avenue, J. H. and Donald Franklin, of 246 North Central avenue, attended the San Fernando Valley Fair at Owensmouth yesterday. They say it was much like an old-fashioned county fair such as they had attended back East, with numerous exhibits of livestock, fruits and vegetables. There was a fine arts exhibit, also, which was in the new High School building, while the others were shown in tents. It is proposed to make this an annual event so successful was the first attempt.

E. E. Brown, who has bought the former Spaulding Pharmacy at Park and Brand is a druggist of considerable experience, having been assistant manager of one of the Sun Drug Company's stores in Los Angeles for some years. He says it is his intention to re-arrange the stock and add new goods, giving the store an up-to-date appearance. Mr. Brown has a wife but no children. He will move to Glendale just as soon as he can find a place to move into.

Glendale Phonograph and Piano Company

Open Evenings 109 NORTH BRAND Salmacia Bros.

J. A. May has bought O. L. Kilborn's apartment building at Pacific avenue and Vine street. He expects to remodel the building on the rear of the lot into garages and two-room residences. Mr. May was a resident of Redondo for twenty years and justice of the peace there for a part of the time. He has been in Coronado and San Diego the last year or two. He is so much impressed with Glendale that he is investing rather heavily in income property. The large residence at 425 North Kenwood was recently purchased by him and he has decided to make Glendale his home. Both the sales mentioned were negotiated through A. J. Lucas.

Mr. Wilson, who is connected with Burton-Chandler & George, is making a three or four days' trip to Bakersfield.

It takes a woman about ten years to be glad that she did not marry the man she thought she wanted.

There is plenty of money in Russia, but it is of the kind that does not mean anything in particular.

Many a man discovers that he can not husband a wife and husband his resources at the same time.

Taking things as one finds them has gotten many men into serious trouble.

Story of the Three Balls

During the middle ages the Lombards made a practice of lending money at interest and, of the Lombards, the family of the Medici were the first to turn the practice into a profession. Many years before, Averardo de Medici, a commander who served with distinction under Charlemagne the Great, slew the Giant Mugello, whose club of mace had three iron balls attached to it in order that it might be a more offensive weapon. For this reason that family of the Medici adopted the three balls, gilded, as the heraldic device on their coat of arms and the appearance of this insignia throughout Italy soon came to be recognized as a symbol for money-lending, later spreading over practically the entire civilized world.

Incidentally, the name of the Medici has been further perpetuated through the world "medicine," a tribute to the great skill of the members of this house in the art of healing. Doctors and pawnbrokers may, therefore, be said to have something in common, though the sign of the one never appears upon the office of the other.—Columbus Dispatch.

Plan Trip for Gas Tug

HONOLULU, Sept. 15.—(United Press.)—Preparations are now being made for a second trip of the Mikoi, largest gasoline driven tug in the world, which recently completed its maiden voyage from San Francisco to Honolulu.

The Mikoi represents an investment of \$90,000. She averaged 9.4 knots an hour on her trial trip, and made a mile in four minutes when trying for speed. The tug burned twenty-six and one-half gallons of gasoline an hour, making the 2205 mile trip in ten and one-half days. She carried a crew of eight men. The engine was stopped for only four hours to permit cleaning of spark plugs.

He Knew

"Johnny," said a teacher, "can you tell me the meaning of the word 'repentant'?"

"Yes, ma'am," answered Johnny. "It's how a boy feels when he gets caught."—Edinburgh Scotsman.

Although a Spanish cruiser now in New York harbor is the first to visit the United States since 1898, there are no hard feelings over the long intermission between visits. It will be recalled that Spain has been somewhat deficient in that sort of craft.

Would You Have Perfect Health?

Come With Us

And in a cheery, hopeful, health-giving atmosphere we will teach you how to get well and stay well.

In our fight against disease we use the natural curative agents such as air, heat, light, water and electricity.

We teach you how to work, how to play, how to eat, how to walk, how to breathe, how to enjoy life to the full.

Our Dining Room

Is open to the public and many who enjoy a wholesome vegetarian meal patronize it at regular intervals. Meals are served on the European plan at the following hours:

Breakfast, 8 to 9. Dinner, 1 to 2. Supper, 6 to 7.

Call Glendale 2 and Reserve a Table for Our Special Sunday Dinner

Glendale Sanitarium and Hospital

The National Tractor Show

is the biggest thing that ever came to Glendale. Big manufacturers of farm machinery all over the world are sending exhibits and the visitors to the show will be numbered by the thousands.

As a Community

—we have made a wonderful growth and we are going to prove that we are big enough for this show by making every provision for the comfort and entertainment of our guests during the week of the exhibit.

As Individuals

—we must work together to make our part of this big show a success and we must not neglect the opportunity to give Glendale favorable publicity. The Tractor Show is being advertised all over the country and your eastern friends will expect to hear all about it.

Buy a Kodak—Send all your friends and acquaintances snapshots of the exhibits and views of beautiful Verdugo Woodlands where the show is to be held.

As a Store

—we are going to make a special effort to serve the people of Glendale and their guests during Tractor Show Week.

Tell your visitors that drugs they buy here are always good, that prescriptions are compounded by a registered pharmacist and that first aid equipment so necessary where there is a large crowd can be secured here.

Tell them that our ice creams and ices are the best and our fountain service unexcelled.

Tell them that our candies are always fresh.

Tell them that we have a one-day kodak service.

Tell them that we have splendid views of Glendale homes and scenes as well as beautiful prospects in Verdugo Woodlands.

Tell them we feature everything they might expect to find in an up-to-date drug store.

Train service is rapidly getting back to the pre-war standard. They are using the same old cars.

"How will the men vote?" will also be important in November.

ORDINANCE NO. 398

AN ORDINANCE OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDAL E ESTABLISHING THE GRADE ON DAYTON COURT, DORAN STREET, AND ARDEN AVENUE, ALL WITHIN THE CITY OF GLENDAL E.

THE BOARD OF TRUSTEES OF THE CITY OF GLENDAL E DO ORDAIN AS FOLLOWS:

SECTION 1. That the grade of Dayton Court from the southerly line of California Avenue to the northerly line of Wilson Avenue be and the same is hereby established as follows:

At the intersection of the westerly curb line of Dayton Court with the southerly line of California Avenue the elevation of the grade shall be 592.20.

At the intersection of the easterly curb line of Dayton Court with the southerly line of California Avenue the elevation of the grade shall be 592.70.

On the westerly curb line of Dayton Court 360 feet south of the southerly line of California Avenue the elevation of the grade shall be 586.25 and 586.65 on the easterly curb directly opposite thereto.

At the intersection of the westerly curb line of Dayton Court with the northerly line of Wilson Avenue the elevation of the grade shall be 581.96.

At the intersection of the easterly curb line of Dayton Court with the northerly line of Wilson Avenue the elevation of the grade shall be 582.10.

That between the above designated points of elevation the grade shall conform to straight lines joining those points on the same side of Dayton Court excepting that the points of intersection of the grade lines on the east and west curb lines of Dayton Court 360 feet south of the south line of California Avenue shall be the points of intersection of the tangents of a parabolic vertical curve one hundred (100) feet in length and fifty (50) feet north and south of said points and said curve shall replace the straight lines within said limits.

The grades given are in feet above the City Datum Plane and refer to the top of curbs. The profile of Dayton Court designated and marked "Profile No. 734" on file in the office of the City Engineer of the City of Glendale, which more particularly exhibits the grades herein described is hereby declared to be the official profile and to exhibit the established grades of said Dayton Court.

SECTION 2. That the grade of that portion of Doran Street from the westerly line of Columbus Avenue to the westerly line of Kenilworth Avenue be and the same is hereby established as follows:

At the intersection of the northerly curb line of Doran Street with the westerly line of Columbus Avenue the elevation of the grade shall be 535.00.

At the intersection of the southerly curb line of Doran Street with the westerly line of Columbus Avenue the elevation of the grade shall be 534.40.

On the northerly curb line of Doran Street 390 feet west of the westerly line of Columbus Avenue the elevation of the grade shall be 529.50 and 529.5 on the southerly curb directly opposite thereto.

On the southerly curb line of Doran Street 515 feet west of the west line of Columbus Avenue the elevation of the grade shall be 527.25.

On the southerly curb line of Doran Street 704.00 feet west of the westerly line of Columbus Avenue the elevation of the grade shall be 523.85.

On the southerly curb line of Doran Street 830.00 feet west of the westerly line of Columbus Avenue the elevation of the grade shall be 522.25.

At the intersection of the northerly curb line of Doran Street with the easterly line of Pacific Avenue the elevation of the grade shall be 520.40.

At the intersection of the southerly curb line of Doran Street with the easterly line of Pacific Avenue the elevation of the grade shall be 520.20.

At the intersection of the northerly curb line of Doran Street with the westerly line of Pacific Avenue the elevation of the grade shall be 519.80.

At the intersection of the southerly curb line of Doran Street with the westerly line of Pacific Avenue the elevation of the grade shall be 519.60.

On the northerly curb line of Doran Street 100.29 feet west of the westerly line of Pacific Avenue the elevation of the grade shall be 518.20 and 518.20 on the southerly curb line directly opposite thereto.

At the intersection of the southerly curb line of Doran Street with the easterly line of Kenilworth Avenue the elevation of the grade shall be 510.20.

On the northerly curb line of Doran Street at its intersection with the center line of Kenilworth Avenue the elevation of the grade shall be 509.80.

At the intersection of the southerly curb line of Doran Street with the westerly line of Kenilworth Avenue the elevation of the grade shall be 509.40.

That between the above designated points of elevation the grade shall conform to straight lines joining those points on the same side of Doran Street excepting that the point of intersection of the grade lines on the southerly curb line of Doran Street 830 feet west of the westerly line of Columbus Avenue shall be the point of intersection of the tangents of a parabolic vertical curve one hundred feet in length, 50 feet east and west of said point and said curve shall replace the straight lines within said limits.

The grades given are in feet above the City Datum Plane and refer to

the top of curbs. The profile of Doran Street designated and marked "Profile No. 744" on file in the office of the City Engineer of the City of Glendale which more particularly exhibits the grades herein described is hereby declared to be the official profile and to exhibit the established grades of said Doran Street.

SECTION 3. That the grade of Arden Avenue from the westerly line of Brand Boulevard to the easterly line of Pacific Avenue be and the same is hereby established as follows:

At the intersection of the northerly curb line of Arden Avenue with the westerly line of Brand Boulevard the elevation of the grade shall be 576.92.

At the intersection of the southerly curb line of Arden Avenue with the westerly line of Brand Boulevard the elevation of the grade shall be 576.95.

At the intersection of the northerly curb line of Arden Avenue with the easterly line of Central Avenue the elevation of the grade shall be 559.23.

At the intersection of the southerly curb line of Arden Avenue with the easterly line of Central Avenue the elevation of the grade shall be 559.22.

At the intersection of the northerly curb line of Arden Avenue with the westerly line of Central Avenue the elevation of the grade shall be 558.63.

At the intersection of the southerly curb line of Arden Avenue with the westerly line of Central Avenue the elevation of the grade shall be 558.60.

On the northerly curb line of Arden Avenue 216 feet west of the westerly line of Central Avenue the elevation of the grade shall be 554.65 and 554.65 on the southerly curb line directly opposite thereto.

On the northerly curb line of Arden Avenue 600 feet west of the westerly line of Central Avenue, the elevation of the grade shall be 546.74 and 546.75 on the southerly curb line directly opposite thereto.

At the intersection of the northerly curb line of Arden Avenue with the easterly line of Columbus Avenue the elevation of the grade shall be 539.12.

At the intersection of the southerly curb line of Arden Avenue with the easterly line of Columbus Avenue the elevation of the grade shall be 539.37.

At the intersection of the northerly curb line of Arden Avenue with the westerly line of Columbus Avenue the elevation of the grade shall be 538.40.

At the intersection of the southerly curb line of Arden Avenue with the westerly line of Columbus Avenue the elevation of the grade shall be 538.50.

On the northerly curb line two hundred and sixty feet west of the westerly line of Columbus Avenue the elevation of the grade shall be 532.50 and 532.50 on the southerly curb line directly opposite thereto.

At the intersection of the northerly curb line of Arden Avenue with the easterly line of Pacific Avenue the elevation of the grade shall be 524.50.

At the intersection of the southerly curb line of Arden Avenue with the easterly line of Pacific Avenue the elevation of the grade shall be 524.10.

That between the above designated points of elevation the grade shall conform to straight lines joining those points on the same side of Arden Avenue excepting that the points of intersection of the grade lines on the north and south curb lines of Arden Avenue 260 feet west of the westerly line of Columbus Avenue shall be the points of intersection of the tangents of a parabolic vertical curve one hundred feet in length fifty feet east and west of said points and said curves shall replace the straight lines within said limits.

The grades are given in feet above the City Datum Plane and refer to the top of curbs. The profile of Arden Avenue designated and marked "Profile No. 745" on file in the office of the City Engineer of the City of Glendale which more particularly exhibits the grades herein described is hereby declared to be the official profile and to exhibit the established grades of said Arden Avenue.

SECTION 4. The City Clerk shall certify to the passage of this Ordinance and shall cause the same to be published once in the Glendale Sentinel-Progress, a weekly newspaper of general circulation, published and circulated in said City of Glendale, and thereupon and thereafter the same shall be in full force and effect.

Adopted this 10th day of September, 1920.

HARTLEY SHAW,
President of the Board
of Trustees of the City
of Glendale.

ATTEST:
J. C. SHERER,
City Clerk of the
City of Glendale,
STATE OF CALIFORNIA,
COUNTY OF LOS ANGELES (SS.
CITY OF GLENDAL E).

I, J. C. Sherer, City Clerk of the City of Glendale, do hereby certify that the foregoing Ordinance was duly adopted by the Board of Trustees of the City of Glendale, State of California, and signed by the President of said Board at a regular meeting thereof, held on the 10th day of September, 1920, by the following vote, to-wit:

Ayes: Bartlett, Henry, Robinson, Shaw, Stephenson.
Noes: None.
Absent: None.

J. C. SHERER,
City Clerk of the
City of Glendale.

At a time of crisis in the Civil War a politician telegraphed Horace Greeley, "Are there any news?" "Not a new," promptly wired back the great editor, who was a stickler for good English.

PUBLIC SERVICE DEPT.

LARGEST MONTH'S BUSINESS IN HISTORY IS REPORTED FOR MONTH OF AUGUST

The Public Service Department had the largest month's business in its history for August. The total collections for all purposes were \$22,616.69, larger by more than \$2000 than those of any previous month. The record of the installations of new water and light meters was as follows:

	Water.	Light.
No. August 1	4268	4771
No. for month	143	56

Total to date4411 4827

According to Mr. McIntyre, superintendent of this department, the 143 new water connections denote that many new residences started. From present indications the September record for new connections and for collections will far exceed the figures for August.

New Order Undesirable

The doctrine of the "new economic order," is being preached far and wide these days, but it is doubtful if any two of the persons who are engaged in the propaganda of radicalism can agree on what they mean by the "new order."

There never has been a time in the history of the world when conditions were ideal, and it is doubtful if that time ever will come. There are undesirable conditions to be overcome, but experience shows that enduring progress comes through evolution, not revolution.

Teachers of communism prate a great deal about the benefits that will come to the common people through adoption of their creed, but they are careful to avoid mention of Russia, which is the one great country in which the bolshevist system is in control. The results do not speak well for it.

There are morals in economics, and any system that includes the confiscation, or appropriation without compensation, of the property of others is so opposed to a sense of right that it cannot be entertained by persons who have the least spark of honesty in their makeup.

Either ignorance or rank dishonesty is back of the movement of communism, or the holding of property in common, and it is probable that both are involved. The system was abandoned 2000 years ago by a body of men and women in the first Christian church, and it is not changed in character when advocated by groups of unscrupulous men today.

Mankind has made great progress in the last century, and there is reason to believe that greater achievements lie just ahead. They will not come about by destroying what has already been built and substituting an uncertain and vague thing called the "new order."

Harlem Disappearing

Too true it seems that the loaf of bread rules the world, breaks up customs of centuries and prejudices so old that they are lost in the midst of the past. It is natural for us to have a romantic feeling for old customs, no matter how much better we may acknowledge the new to be.

So it is with mingled feelings that we read in dispatches from Constantinople how the war and the following economic conditions have affected the women of Turkey, who are said now, instead of languishing in harems, beautifying themselves and feeding on Turkish delight, to have thrown away their veils, donned shirtwaists and short skirts and to be serving as saleswomen in stores, as telephone girls, as cashiers, janitors, street sweepers and even as street car conductors.

The need of women as nurses in the Turkish army is said to have been the means of first opening the harem door for the women of Turkey, and, once opened, it seems to be open for good. Turkish men are no longer able to support a variety of wives as they used to do, and so more and more women are obliged to earn their livings. Only among the poor and the women on farms do conditions for the women of Turkey remain much as before, for the poor women as well as the women in the country have always worked, as they have done in all countries.

Until a few centuries ago large cities had police protection only through employing special watchmen.

Cost of Ambassadors

Mr. Davis of West Virginia, who represents this country at the Court of St. James, has just arrived here on a vacation, but denies that he will resign; on the contrary he expects to return soon, and that seems reasonable in view of the fact that there is so much stirring in the realms of diplomacy. At the same time it is likely that Mr. Davis wishes he could relinquish a post which has brought him all the honor possible, and a continuance in which means heavy demands on a purse which is not too well filled.

It is a curious fact that even the recent well-known history of the high cost of diplomacy in Europe has brought no important change in our national attitude toward ambassadors. The recent war has cost the nation over \$30,000,000,000. We have spent money galore in all sorts of foolish enterprises, have wasted much and continue to waste where no results of any good sort may be expected, but, with a persistency which is hard to analyze, congress refuses to provide properly for our foreign representatives and thus we must name only rich men for important posts.

It is true that cable facilities now

make it unnecessary for us to send forth ambassadors clothed with plenary powers. All our important diplomatic "conversations" are conducted by the Department of State, but there is left to the American representative a heavy burden of expense in maintaining the dignity of the republic at a time when costs are the highest. Some relief has been afforded by special grants of the State Department from its contingent fund, but it is well known that when the war broke out, and since then, all of our important foreign representatives—consuls included—have been obliged to exhaust their own resources and then to lean heavily on Americans abroad, whose largesses have aided the situation greatly.

Walter Page was killed by his onerous duties in London and Mr. Davis is being milked of his earnings to hold up the honor of the country. This is an old subject, but never was there such need of reorganizing our whole foreign service on a sound financial basis as now. If after the coming election, no matter what the result, there is no reform coming in this matter we must admit that we are placing a premium on wealth for the most important, the most delicate and most essential part of our government at a time when wealth is

not necessarily consonant with intellectual vigor or broad statesmanship.—Long Beach Telegram.

Political Religion

I know the American people are much attached to their government; I know they would suffer much for its sake; I know they would endure evils long and patiently before they would ever think of exchanging it for another; yet notwithstanding all of this, if the laws be continually despised and disregarded, if the rights to be secure in their persons and property are held by no better tenure than the caprice of a mob, the alienation of their affections from the government is the natural consequence and to that, sooner or later, it must come. Here then is one point at which danger may be expected.

The question recurs: How shall we fortify against it? The answer is simple. Let every American, every lover of liberty, every well-wisher to his posterity, swear by the blood of the Revolution never to violate in the least particular the laws of the country, and never to tolerate their violation by others. As the patriots of '76 did to the support of the constitution and laws, let every Ameri-

can pledge his life, his property and his sacred honor. Let every man remember that to violate the law is to trample on the blood of his father and to tear the charter of his own and his children's liberty. Let reverence for the laws be breathed by every American mother to the lisping babe that prattles on her lap; let it be taught in schools, in seminaries, in colleges; let it be written in primers, spelling books and in almanacs; let it be preached from the pulpit, proclaimed in legislative halls, and enforced in courts of justice. And, in short, let it become the political religion of the nation; and let the old and the young, the rich and the poor, the grave and the gay of all sexes and tongues and colors and conditions sacrifice unceasingly upon its altars.—Abraham Lincoln.

Tricks on April Fools' day are the outgrowth of a similar custom among the Hindus, who, however, observed the last day of March.

Not All Due Pilgrims

One of the curious not to say remarkable events of our time is the celebration of the sailing and landing of the so-called pilgrims who bestowed themselves upon what is now the state of Massachusetts. The leading lights of Great Britain took part in the celebration of the three hundredth anniversary of the sailing, conducted at Plymouth, England, and marked by astounding exhibitions of cordiality toward America and much "hands across the sea" oratory. On this side of the ocean the celebration of the anniversary of the landing is to be a big thing along the same line, with the president's yacht designated for the use of the British visitors.

These celebrations are curious because they are so strikingly illustrative of human stupidity and humbuggery. Now if the landing of John Smith in Virginia were to be made the subject of international celebration there would be something in it. At least the Smiths could go into it with a whole heart on both sides of the Atlantic and give the expressions of international cordiality some semblance of sincerity.

But the pilgrims! Why single them out as the vehicle for the establishment of a new and more real international comity?

These people were driven out of England because they and their ideas were not welcome there. And if the same group entertaining the same ideas arrived at Ellis Island today the United States would not let them land. That is especially true in these anti-soviet times, for the pilgrims held all their property in common until they found that scheme would not work, just as the Russians are finding it out now.

The religious intolerants who settled Massachusetts, pilgrims and puritans alike, were exemplary of nothing in Britain or the United States today. Witch burning and Quaker hanging were popular sports in the early days of New England. Yet, so fond are we of humbug, we now make the sailing and landing of the pilgrims the occasion of an international celebration as though these people presented the beginning of all that is great and good in both countries.

The sailing and landing of John Smith would come much nearer hitting the spot.

U. S. S. Tennessee

NEW YORK, Sept. 16.—(United Press.)—The U. S. S. Tennessee, newest and largest member of the United States navy, sailed on her maiden cruise yesterday.

The official launching took place at Brooklyn Navy Yard several weeks ago, but delayed electrical installations and wiring kept her in the yard until yesterday, when she left for Newport to take on twelve torpedoes. From there she will sail on a six-weeks' cruise along the Atlantic Coast and later go to Cuba, Mexico, Panama and Hawaii, ultimately to join the Pacific fleet at San Francisco.

Acceptance trials will be held in November. At full power the battery of oil-burning boilers generate enough steam to drive the gigantic ship at a speed of twenty-one knots. Her combinations of turbines and dynamos will generate 27,000 horsepower.

The Tennessee displaces 32,500 tons and is manned almost exclusively by seamen from her namesake state, highly skilled electricians being the only exceptions. Her commander is Captain Adolph Staton.

Advertise it, or advertise for it in the Evening News.

The Sign of Service

Realizing the need of more buildings of all kinds in Glendale, we are giving every assistance in our power to the builder.

Deliveries of building material are going out from our yards as rapidly as our force of men can move them.

The unusual building activity has taxed our organization to the limit, but we are putting forth every effort to serve our customers efficiently.

Bentley's Building Service

Is an arrangement whereby a builder can select a home already planned by one of the best architects of the country, from a group of many hundreds of "homey" homes. This service has met with great favor heretofore and many are using it now.

Having so many to choose from the builder easily finds a home that seems to have been planned just to suit his taste and his bank account.

We Should Be Glad to Be of Service to You.

Italy's Great Task

Italy's troubles are many and serious, but the worst of them is none of man's doing. In face of the seismic disturbances that have brought disaster to a number of the northern provinces, government and people may well turn their thoughts from the relatively unimportant subjects which have engaged them and get together with the common object of relieving human distress, establishing stricken populations in homes and helping them again to be self-supporting. When the humane task is completed there should be better feeling throughout the land. If Italy then devotes herself seriously to solving the social and political problems that have been troubling, and brings to their consideration more of charity than has been apparent in the recent past, we may believe that a new and prosperous day will dawn for the entire country.

TRUSTEES' MEETING

(Continued from Page 1)

ferred to the finance committee. Later the finance committee reported demands approved and on motion of Trustee Stephenson, warrants were ordered to be issued in payment of same.

A communication was presented from the city marshal recommending the dismissal of Officer McLean from the police force and recommending the appointment of Henry W. Holtenbeck as a deputy marshal. On motion of Trustee Bartlett, the recommendation of the city marshal was approved and confirmed.

The city manager presented an exhaustive report comprising a general statement of the business of the city for the past three years and making a number of recommendations for the consideration of the board. The report was ordered filed and to be referred to the committee of the whole, copies to be furnished the individual members of the board. On motion of Trustee Henry the city manager was granted a vacation of two weeks, beginning Monday, September 20, 1920. The city manager recommended that the sum of \$100 be appropriated for advertising in The Glendale Evening News during the coming week while the tractor exhibition is being held in Verdugo Park. On motion, the recommendation of the city manager was approved.

The city manager furnished a list of the bonded officials of the city, accompanied by suggestions to be embodied in an ordinance now being prepared covering this matter.

On motion of Trustee Henry the city attorney was authorized to secure from the Title Company the names of parties interested, against whom it will be necessary to bring suit for the opening of Patterson avenue and alley east of Brand Boulevard, between Harvard and Colorado streets. On motion of Trustee Robinson, the city attorney was requested to prepare an ordinance abandoning the proceedings for the opening of Commercial street.

On motion of Trustee Henry the application of W. T. Meredith, previously presented to the board for a permit to conduct jitney business, was granted.

The city manager's report of the 10th instant, was taken up for consideration and the recommendations in regard to extensions to the water system were approved and in accordance therewith the city attorney was instructed to prepare proceedings for the cancellation of the unissued portion of the \$260,000 bond issue on account of the unsalability of these bonds on account of the low rate of interest, and also to present proceedings for placing on the ballot in the November election a proposition to vote sufficient bonds at 6 per cent to complete the improvements not already taken care of which were contemplated under the \$260,000 issue. City attorney was also instructed to prepare proceedings for placing on the ballot at the same time a proposition to vote \$100,000 of additional water bonds for the specific purpose of purchasing and laying water distributing mains.

Engineer H. B. Lynch was instructed to prepare estimates of cost based on present prices of the improvements to the water system contemplated to be paid for from the \$260,000 bond issue which have not been provided for by that portion of the bond issue already sold. Upon motion of Trustee Stephenson it was adopted as the policy of the city that the cost of service mains which would not be less than four inches in diameter be assessed against the abutting property served thereby and

New Realty Firm

A new realty firm, Kelley, Van Arsdol & Quigg, is opening an office in the Willard Auto Station, 300 South Brand. W. B. Kelley is well known to most of the people of Glendale. W. L. Van Orsdol of Alhambra and Los Angeles is an old-time friend whom he has been urging for some time to come out to Glendale, a real live city, and C. Quigg is an old friend of Mr. Van Orsdol. The latter has a wife, but Mr. Quigg lives with his mother and sister. Both are anxious to get to living in Glendale, but as they can find no places to rent they say they will have to start out by selling themselves homes.

Long Auto Tour

Mr. and Mrs. Herbert L. Stoddard of Garvanza, who are known to a great many Glendale people, have just returned from a 4500-mile auto camping trip through Northern California, Oregon and Washington, and are spending a few days with W. L. Jones and Wife, 310 Hawthorne. Mr. Stoddard says that in the two northern states they drove over many miles of crushed rocks which had been put in and leveled as the base of macadam roads. It was let lie that way for six months. Such a road was very hard on tires, Mr. Stoddard said.

Lot Cleaning

A very thorough job of lot cleaning has been done so far by gangs of men employed by the city for that purpose and the vacant lots certainly present a highly improved appearance. It would be a fine thing if all these lots could be planted to vegetables next year, preventing the usual forlorn appearance in the summer and fall.

Wet Pebbles

The pebbles on the beach, in their relations with the sea, afford endless subjects of observation and interest, says Hallam Hawksworth, writing in St. Nicholas. By what simple magic the waves breaking on the beach transform them from dull stones to sparkling gems? "As pretty as a wet pebble," says Victor Hugo of a girl of sixteen. But it is only for a fine complexion that the little pebble is indebted to the sea. He is also a great ocean traveler. Even on the calmest day, the pebbles travel a little distance every time a wave strikes them. Take out your watch and time these pulsations, and you will find that the beats occur about six times a minute. The distance traveled by a pebble, back and forth, as the result of one wave stroke, Professor Shaler, of Harvard, placed at an average of ten feet—taking all kinds of summer weather together; sixty feet every minute. Multiply this by sixty, and then by twenty-four, and what is the aggregate of the daily promenades of one of these little fellow summer idlers of ours? Over fifteen miles!

that distributing mains be paid for either by bond issue or out of the revenues of the water department and that when a distributing main serves also as a service main a portion of the cost of such main equal to the cost of a service main for abutting property be charged thereto.

"He loves another woman, how can I win him back?" Thousands of weary, heartsick women depend upon Cheery Anna's daily letters in the Los Angeles Examiner—delivered to your door for \$1.05 per month. Adv.

ANTI-BOLSHEVIKI ACTIVE IN SOUTH AMERICA

LONDON, Sept. 17.—Reports of anti-Bolshevik uprisings filtered through from the closed Russian frontier today. War office official reports said anti-Bolshevik were active in Nikolaie and other portions of South Russia. Increased unrest was reported in Ukraine. General Wrangel has reported a successful movement south of Alexandrovsk, having captured 1000 prisoners.

AN EXPERIMENT THAT FAILED

They tried an experiment in syndicalism—which is a polite term for a specialized form of anarchy—at Ellis Island the other day. It didn't work.

For the first time since the beginning of the war sugar for coffee was placed upon the table instead of molasses. It was put in bowls. The newly arrived immigrants to whom it was served had—most of them—not seen sugar for years. They rioted for possession of the sugar, to fill their mouths, their cups and their pockets. They nearly wrecked the dining room. Sugar will be served at Ellis Island in individual containers hereafter, each person's portion strictly rationed.

A few years ago a man wrote a book upon syndicalism in which he declared: "They (the syndicalists) believe that when all are free to help themselves from the all-sufficing products of society they will no more misuse their opportunity than people now misuse . . . streets, roads, bridges, libraries, parks, etc." But the Ellis Island diners upset the sugar bowls and wasted a lot of the sugar in the process.

Nations are no better than their peoples collectively. They, too, fight over sugar, and coal, and iron, and land, and anything else that is scarce. They fight because they are not organized to adjust their quarrels.

HOUSING VISITORS
